

 Essential Pre-Use Notice: TT Motor "Anti-Shaft Breakage" Warning

The white output shaft of the yellow TT motor is made of **plastic** and is susceptible to breaking if subjected to improper external force. Please pay close attention to the following precautions during use: **When handling the vehicle, always lift it directly by supporting the chassis; do not lift or pull it solely by the wheels, and handle it with care. During operation, strictly avoid dropping, throwing, or subjecting the vehicle body to impacts;** failure to do so will result in damage to the motor and other components.
